

Hitler's Big Lie -- a Nazi propaganda technique that insists that if a political leader repeats a colossal untruth enough, people will eventually believe it. Putin is losing grip on power. Many Russians seek truth.

Cut Putin off from private funds. Postal service loses checks. "Rumpole of the Bailey" on 1.5 pound retainer.

"Rumpole of the Bailey" to represent Putin's trial at the The Hague.

Putin skipped out on bail. The hell hounds are on his trail.

Putin The New Hitler! "Democracy functions on moral authority". Wake up!

Ets say; "New Top Shelf Experimental Drone system has been given to Ukraine Special Forces for fight in Donbas". Ets call tech; "The spider web". Nightmare for Wagner Neo-Nazi mercenaries.

Karma has a tendency to follow people around.

do not negotiate with criminals

Putin must be pushed out of office by brute force! Warning: "Do not negotiate with criminals and Wagner Neo-Nazi mercenaries"

If you don't put Trump in Jail then you can never also put Putin there too.

Hitler broke his peace agreement with England. Putin will break his word with America and NATO.

Without war Putin can not stay in power in Russia. He will brutalize all of Russia to hold on to power.

Ets say: Summer of 2022. "No water, electric or food for Russia. Ukraine starts to rebuild."

US has now fully blocked "more than two-thirds of the Russian banking sector."

Russia is conducting cyber and Psychological-ops on America soil by way of "entrenched traitors" to democratic Ideas! GOP Sen. Rand Paul of Kentucky is one of these "entrenched traitors"

racist

Bezerker

Clarence Thomas is destroying the supreme court's "credibility". His political partisanship is masquerading as fair and impartial decisions. If there is no rule of

law then why do we need a supreme court? Solution is an even amount Democratic judges and Republican judges.

Political Assassination is never acceptable. However, life time containment is. Also, brutality is not the birth right of the Russian people.

Feed Afghanistan Now! The Taliban insurgent group will cease to have a nation if they don't comprise their religious dogmas. Will they let their starve for their bullshit beliefs?

Feed Afghanistan. The Taliban will "cease" to have a nation if they don't comprise their religious dogmas!!! Will they let their Afghanistan starve for religion? Why is the world the not helping?

Gen. Alexander Dvornikov. We will hunt you down like the dog you are. There is no place you can hide. Defect before it is too late.

Russian fascist invaders

The Russian Orthodox church is giving Mr. Putin bad advice "karma" wise!

It should be law: Equal Republican & Democratic Supreme Court Justices seated on the court.

The Russian people are going to have to make some sacrifices for "peace" before their old standard of living returns.

Ukraine will clean the Putin's "harpy" from their land by bombs, bullets and drones. Brutality will be used by both sides. This is the way of the warrior. The public should brace itself for shocking act of savagery.

"Evangelicals" should not be receiving taxpayer funding for the religious schools. They have violated the founding notion of the separation of church and state.

Word has it Putin is "worried"! He should be! His only out is nuke war. His staff won't follow those orders. If we have to force our hand on Mr. Putin for freedom we will.

Nudge Squidfish Hello Squid! I have seen a lot of these lately especially in the nights when the sky is clear enough. These ones tend to fly and then stop and make the formations of the star constellations. At least they give the impression of the star constellation.. Probably they are very close to us and just hiding in front of the real stars which gives us an impression about the star constellations. I have seen them flying apart from Big Dipper a few times and on the other day Twins (Romulus and Remus) were flying freely in the sky just before organizing again on their right place on the sky. This is incredible! Thanks Squid ☺☺!

ETS advise that a second Russia armor column will be destroyed by UFOs in Ukraine war. This will trigger a Russia withdrawal from Ukraine.

4-1-2022 update

Undale The ET says that a second Russia Armor column would be attacked and destroyed in Donbas. They will be trying to come to the aid of the Wagner Group.

This summer Russia will experience extreme weather events.
The oncoming deteriorating economic situation in Russia will force Putin to brutalize the Russian people to stay in power.

Soon the nations of earth must choose which form of government they want: Democracies or Dictatorships? Free speech or political suppression? Free will or the security of servitude? The rule of people's law (vs) the rule of psychopathic Tyrants!

Undale The ET says that a second Russia Armor column would be attacked and destroyed in Donbas. They will be trying to come to the aid of the Wagner Group.

This summer Russia will experience extreme weather events.
The oncoming deteriorating economic situation in Russia will force Putin to

brutalize the Russian people to stay in power.

Soon the nations of earth must choose which form of government they want: Democracies or Dictatorships? Free speech or political suppression? Free will or the security of servitude? The rule of people's law (vs) the rule of psychopathic Tyrants!

America and NATO ought to make plans to “survive” a nuclear first strike by Russia, China and North Korea! Stock the Fall out shelters! Tell the Public where to go and what to expect! Put our forces on High military alert. Declare Marshall Law Now!

If Putin wins evil dictators will rule our earth! Joseph Stalin is his god! He has no honor. He has no truth in his heart. He murders those who disagree with him. He murders children and pregnant women for power and wealth. This is a fight to the death.

Neigotate with “political barbarism”. Give me one example when that has ever benefited a democracy? Freedom in her wisdom has choose Ukraine to defend her. This burden is also NATO and America's.

Peace is acquired by blood and sacrifice. Only through conflict can harmony be obtained. Making peace with “political barbarism” is not the path of wisdom. Balance in all things. The pendulum swings to the left and then to the right. It has always been so under divine law. This war will be decided in heaven and not on earth.

It is very rare, but sometimes “unconditional love” requires a fight to the death for their liberty and freedom!

Mr. Putin. Return to Russia. Evaluate the damage. Then choose. Anything else is unwise.

It is only only at the brink, that is, only at the precipice of total destruction that humans evolve. It has been so for countless civilization through out the universe. Can we change? It is a flip of a coin.

Upgrade our bomb-shelters Now! Restock and Upgrade them Immediately before a sneak nuclear attack!

Neigotate with “Tyranny”? Never! America and NATO should be fighting for freedom too!

Light Hunter I need your Help. Can you mentally ask your group of Ets to give you a close up Flyby? I can maybe use it to help stop Putin and save some lives.

Your call. Thanks. I know I can count on you. Maybe I can count on your ET Friends too??? 3/27/2022

Freedom on earth must be taken by “violence” in order to become a permanent possession of humanity. This is Divine law . Mr. Putin go Home! **3/22/2022**

NATO and America forces ought to be on the ground fighting the the Putin in Ukraine. If nuclear war comes it is on China and Russia. Prepare for the worst but hope for the best. Maybe reason will prevail? **3/5/2022**

NATO and America forces ought to be on the ground fighting Putin in Ukraine. If nuclear war comes it is on Putin. Prepare for the worst but hope for the best. Maybe reason will prevail over Putin?

The absolute unknowable all, that is, the supreme reality above us had designated personal & national karma as prosecutor or savior. Woe to those who camouflage the darkness as light!

Ets advise: “Ukrainian special operations” will launch a devastating assault on hidden Russian armor. Russia tank lost extremely high. Putin is under threat from his own government, His orders are not being obeyed. Public Protest and unrest growing!

The ETs advise Mr. Putin to withdraw from Ukraine.

3/28/2022

NATO and America military ought to be on the ground fighting Putin in Ukraine. We need to upgrade our fallout shelters. Educate our peoples and governments on “how” to survive a nuclear war. Democracies ought prepare for total war! NOW!

3/28/2022

NATO and America must engage Russia, China and North Korea in a nuclear war!! We must upgrade our fallout shelters. Educate our peoples and governments on how to survive and flourish after a nuclear war.

3/29/2022

ETs Say: “Mr Putin we will render your Nuclear, Chemical and Biological weapon inoperable should you try to use them and will “engage” all Russia military forces in Ukraine if you ignore this warning!”

Ukraine's Azov Battalion have “some” Nazi ideology. The Russian Imperial Movement (RIM) and the Wagner Group have “some” Nazi ideology. Some Nazi ideology exists on both sides. Nazi Killing Nazi is not such a bad thing maybe? Could Ignorance be it's own punishment?

Time will tell if the Azov Battalion can “prove” to the world they are not “Nazis”. Keep your eye on them and let the smash the Russian Imperial Movement (RIM)

and the Wagner Group

Chinese communists must choose between their support for North Korea or a war with the west. Join the brotherhood of freedom. Why embrace the lower standard of living of your brutalized pass?

Nixon raised the Chinese communists out of poverty. It was the west who raised your standard of living by way of free trade. Do you really think you can rule the world without nuclear war?

Russia repeatedly promised before the war that it had no intention of attacking Ukraine

This is not a horror movie. Rape, violence, murder - this is what "Russian world" stands for.

The ETs advise Mr. Putin to withdraw from Ukraine.

Nobody should "be fooling themselves" over suggestions from Moscow that it would reduce attacks around Kyiv or withdraw forces from Ukraine.

Lloyd Austin said Russian President Vladimir Putin's invasion involves not just attacking Ukraine, but also "attacking principles at the core of transatlantic security."

The US believes that Russian President Vladimir Putin is being "misinformed" by his advisers about how badly the Russian military is performing in Ukraine and the impact of sanctions on Russia's economy, a US official tells CNN.

"We believe that Putin is being misinformed by his advisers about how badly the Russian military is performing and how the Russian economy is being crippled by sanctions, because his senior advisers are too afraid to tell him the truth," a US official said.

UNICEF warned of a heightened risk of exploitation and trafficking for children fleeing violence. In an effort to quell those risks, the UN agency is scaling up "Blue Dots," which are one-stop safe spaces for traveling families.

Two US officials said that China's desire to avoid economic consequences may limit its appetite to help Russia.

Ets advised me not to publish this in advance: KYIV, Ukraine—Ukrainian attack helicopters executed a low-flying predawn raid on Russian territory. Very Impressive!

4/1/2022

Did Ukrainian attack helicopters executed a low-flying predawn raid on Russian territory. Ukraine say no? ETs said Ukraine was going to counter attack. Was this a false Flag Op? CIA remains silent? Did Russian Copters Rebel against Putin?

4/1/2022

Undal say it was the Ets attack helicopters executed a low-flying predawn raid on Russian territory. She said not to release that info.

If I was Putin I would try to find a safe place to hide my money. China perhaps? Antarctica? The Moon? Ask Trump to hold on to it?

Putin is a liar and murderer who breaks all his agreements. Why even try to make a deal? Whats the point. His assassins must be neutralized.

The Russia church supports Putin's war. Does India support Russia's mother church too?

Only a bomb, bullet or poison will remove him from power.

This “war” is a trial by combat. In ancient times this is how “true leaders” are born. The universe will decide which political system will prevail! God's blessing to the victor!

Sometimes world karma demands trial by combat to decide a matter. The Russian and Chinese peoples hate war and genocide. Both are very spiritual by nature. Their current leaders don't understand this. Someday, maybe their children will.

The leaders of tomorrow are those willing to die for freedom today!

You can not kill Freedom Mr. Putin!

The sunspot explosion is likely to impact Earth on April 14, according to Space Weather. Bad news for the war in Ukraine. When this happens History Shows that many will die on both sides.

The future stander of living of the Russia people is at stake. I urge the Russia military to over throw Mr. Putin for the good of the people. If not you'll have 10 to 15 years of a much lower stander of living as a result. He is not worth it. Ukraine is the heart of Russia.

Fake news can not hide the truth. What starts as a whisper ends up as a shout!

Tucker Carlson wants to expand Evangelical Schools using taxpayers dollars! So much for the separation of church and state!

Cry havoc; and let loose the dogs of war!

To the true heroes of Ukraine. Your sacrifice and bravery is the cornerstone of all Democratic Freedom. Hang on "reinforcements and resupplies" are on the way. Putin troops shall be slaughtered in their fox holes. Their blood will mix with the mud!

Putin is a man of little judgment and will bear this cross of ignorance for many lifetimes to come.

Putin has cursed the Russian people for the next 15 years.

Putin's war, in the face of global warming, will lead to the total collapses of the world's economic system.

Israel and the Palestinians do not have the "skill set" to sort out their troubled relationship. Only the "master of wisdom" can fix that relationship. Both prefer to blame each other.

The Russian Church is a "criminal organization" that murders pregnant women; forces children into the sex trade, executes senior citizens, endorses political assassinations and kidnappings and launders drug money. They're not a Christian organization! Sanction them! Lock them up!

Putin's war, in the face of global warming, will lead to the total collapse of the world's economic system.

Clarence Thomas is destroying the supreme court's "credibility". His political partisanship is masquerading as fair and impartial decisions. If there is no rule of law then why do we need a supreme court? Maybe the solution is equal Democratic and Republican judges on the court.

Russia repeatedly promised before the war that it had no intention of attacking Ukraine. Now the bodies pile up in the streets. Putin is a soulless monster and must be forced to stop

Ban Evangelical Schools from receiving taxpayers dollars! Restore the separation of church and state!

Russian priests made Putin go insane and kill seniors, rape children and kill their pregnant mothers. Russian troops then copped them up and tried to bury the bodies.

The Russia church is run by the lords of darkness who lurk in the shadows of evil.

Let all humans hope, That the things we love hold greater sway over our choices, than the things we hate.

Russia has lost its charity and faith, resulting in a loss of spiritual free will. The Russia church threatens the equilibrium between heaven and hell. The Russian life style will suffer greatly this summer for Putin's choice. Wake Up!

If you want to call yourself a politician in Russia, you can be poisoned with a chemical weapon.

If you want to be a politician in Russia, you can be shot on the bridge right outside the Kremlin

Russia repeatedly promised before the war that it had no intention of attacking Ukraine. Those calling for surrender are working for the fascists forces of earth who want to take away all your freedom. These 18 have have been brainwashed. Russia and China like that tool of war.

The Chinese Communist have not delivered stability to their people. That was the deal they made for giving up their freedoms to the dictators. Over throw them !

70% socialism and 30% capitalism is the goal. That is the opposite of our global warming nightmare of 70% capitalism and 30% socialism. The 70/30 % balance is currently destroying the earth! The new balance will be achieved with a universal basic income. There is no other choice

Ban Evangelical Schools from receiving taxpayers dollars! Restore the separation of church and state!
